DCMA Contract Business Analysis Repository (CBAR) eTool
CBAR POCs

Agenda

- Purpose of CBAR
- CBAR Development History
- Types of Information in Database
- Future Enhancement to CBAR
- CBAR POC Responsibilities
- EWAM and CBAR Training

Purpose of CBAR

- **Established per the Director, Defense Pricing**
- **Assist Procurement Contracting Officers with their contracting efforts – primarily negotiations**
- **Provide contractor information that today is requested and provided via other means**
  - **Mandatory for ACOs to load CBAR data for major contractors**
    - **Capture Contractors with 80% of sales to DoD**
  - **Other contractors at ACO's discretion**
    - **525 CAGE codes in database (475 major)**
- **Available 24/7 via a secure web-based**

CBAR Development History

- March 2011 -- Deployed in DCMA to load data
- June 15 through Sept 30 – Procurement Office pilot test
  - Naval Sea Systems Command (NAVSEA)
  - Army Contracting Command (ACC) - Warren
  - Air Armament Center (ACC) - Eglin AFB
  - Ogden Air Logistics Center (OO-ALC)
  - Testers used CBAR to make real-time decisions
    - PCOs, Contract Specialists, Buyers, Price/Cost Analysts, Procurement Analysts
- Pilot sites still using CBAR

Pilot Test Results

- **Very positive user feedback**
  - **Saved time – no need to track down and contact someone to obtain data**
    - **Access available during non-duty hours**
  - **Data were very useful**
- **Common Recommendations:**
  - **Add contractor's FPRP associated with FPRA/FPRR**
  - **FPRA/FPRR rates in an Excel file**
  - **Add Final Indirect Cost data**
- **Major Test Concern**
  - **CAGE codes not included in database**
    - **Not a major company**
    - **DCMA has no experience with the CAGE**

Types of Information in Database

- **Indirect and Direct Rates**
  - **Forward Pricing Rate Agreement (FPRA)**
  - **Forward Pricing Rate Recommendation (FPRR)**
- **Status of Business Systems -- CAGE and corporate level**
- **Description of open Cost Accounting Standards issues**
- **General Contractor (CAGE) Information**
  - **That is, the CAGE which awarded a government contract**
  - **Document identifies major customers, and**
  - **Sales and employee headcount data**
- **Parent Corporation information**

Future Enhancement: PCO Data

- **DoD PCOs will populate CBAR with Negotiation Business Clearance Data**
  - **PCO enters business clearance data into CBAR**
  - **PCO uploads supporting documentation (e.g., PNOM and PNM)**
  - **DPAP to create rules for populating CBAR with data and documentation (e.g., all negotiations > $10 Million)**
- **Share knowledge among contracting officers**
- **No firm deployment date at this time**
  - **Senior Acquisition leaders to discuss in May 2012**

CBAR POC Responsibilities

- **Reviews and approves organization's employees access to CBAR**
  - **<u>Only Government employees</u>**
- **Maintains list of users and ensures persons are removed when employee no longer has a need to access CBAR (retires, resigns, changes positions, etc.)**
- **Approves access to specific CAGE codes**
  - **Verifies need-to-know**
  - **Establish expiration date for CAGE access**
  - **Will remove access when no longer needed**
- **Provide CBAR assistance to users**
  - **POCs have access to view data for all contractors**
  - **Online training available to all users**
- **Recommend establishing CBAR organization policy and procedures**

POC Processing User Access to CBAR

- **User contacts POC and requests access**
  - **POC approves access to CBAR within organization**
- **User registers via DCMA's External Web Access Management (EWAM) system to request CBAR access**
  - **http://eadf.dcma.mil/ewam2/registration/setup.do**
- **POC accesses EWAM and processes request**
  - **Will receive email notice of new requests**
  - **Will only see users for designated DoDAACs**
- **After user access to CBAR approved, user requests CAGE access from within the CBAR application**
  - **POC validates need for CAGE access and expiration date**
    - **Expiration date normally should not exceed one year**
  - **Processes CAGE access**

DCMA CBAR Deployment POCs

Mike Paulini, Director
Data Analysis, Training, and Recruitment Group
DCMA Cost and Pricing Center, DCMAC-KC
(224) 625-9171
michael.paulini@dcma.mil

Paula Neal-Wilcox, Senior Price/Cost Analyst
Data Analysis, Training, and Recruitment Group
DCMA Cost and Pricing Center, DCMAC-KC

Access Restrictions

Access Restrictions

- **Potential Conflicts of Interest:**
  - **POC's Spouse works for Contractor**
  - **Outside Sources of Income**

- **Resolution:**
  - **Responsibility Lies with Supervisor to determine if there is a Conflict**
  - **Review OGE 450**

EWAM and CBAR Training

Objectives:

1) **Request external user access to CBAR in EWAM.**

2) **Administrators approval steps in EWAM.**

3) **CBAR general navigation and Level II access request approvals.**
